ADOPTION OF AGENDA

M/S Trustee Kanakos / Vice Chair Muego

**THAT** the agenda be adopted as distributed.

CARRIED

FEEDING FUTURES UPDATE

Patrick Klassen, Director of Learning Services, provided an update on Feeding Futures for the current year and going forward. He provided an outline of the program, which included information regarding Data, Funding, Process & Timeline, Approach, Work to Date and finally, the Plan for the 2024/25 school year. The funding received for the current school year was \$1,765,282. He explained how the funds were distributed, what work has been done to date to ensure food security for students, and what goals schools will be focused on going forward. He provided examples of a few Delta schools that are piloting the project, and what they are currently doing. He ended by reviewing the plan for the 2024/25 school year. The funds that will be allocated to the Delta School District (based on a per student amount) will be \$1,692,274. The goal is that no child will go hungry in the Delta School District.

Chair Windsor thanked Mr. Klassen for the presentation and commented on the wonderful work being done.

LINC PROGRAM PRESENTATION

Chair Windsor introduced Neil Stephenson, Director of Learning Services. Neil then introduced Mary Daniel, Program Coordinator, and Ray Weremczuk, District Manager, Continuing Education, who introduced the Language Instruction for Newcomers to Canada (LINC) program, which is funded by Immigration Refugees and Citizenship Canada (IRCC). He explained the District is currently in the 5<sup>th</sup> year of the current contract, which will expire in March 2025. A proposal for the next 5 years is currently being worked on for submission. Mary Daniel, Coordinator, LINC Program, provided a presentation, which included information on how the program started, what the program offers, and how it provides assistance to newcomer families. The number of students and classes has been steadily increasing since the end of Covid, and the program is now at the highest numbers it has ever been at. Mary introduced Ragini Kapil, who has recently joined the program to teach a pre-literacy class for refugees, most of whom have arrived from Afghanistan. A majority of these students had never been to school and the progress being made with the students has been very encouraging.

Vice Chair Muego commented on how exciting this program is. He asked about enrollment, particularly how long a student is enrolled in the program for. Mary responded that the program provides classes from pre literacy to level 6. Students receive a certificate upon completion of LINC

Level 4 that certifies language proficiency, which is the goal for many students. Some students are there for a brief time, others for longer.

Trustee Kanakos commented on the demographics; as most students are in North Delta, is there a need for a class in the south end of the district? Mary advised that while there is a need in the south end, and plans are in place to expand that way in the future, other districts have a long waitlist for their programs, thus bringing out of district students to Delta to attend classes at the north end location.

Trustee Dhillon thanked Mary for the information and commended the program and staff for the good work they are doing. She asked how many students are from Delta vs. out of district. Mary advised that there are no stats available on that but advised that many LINC students have children attending Delta schools, therefore are likely also Delta residents.

Trustee Kanakos added that his mother immigrated from another country and had to learn English upon arrival in Canada. He recognized the value of this program and thanked the staff for all the work they are doing.

Chair Windsor thanked everyone for their hard work.

Chair Windsor also took a moment to recognize the work of Ray Weremczuk and thanked him for his 30 years of service to the District. She commended him on his strong teamwork, amazing organizational skills, persistence and enthusiasm, and thanked him for all he has done to ensure the success of the Continuing Education programs. She wished him well on his upcoming retirement.

TOPIC: 2025/2026 CAPITAL PLAN

AGENDA ITEM NO: **7a**

### NARRATION:

Mr. Darren Duff, Director of Human Resources and former Director of Facilities & Planning, will present the projects contained in the 2025/2026 Capital Plan. The Capital Plan is due to the Ministry of Education by June 30, 2024, For Major Capital Projects and September 30, 2024 for Minor Capital Projects and October 1, 2024 for Minor Capital – Food Infrastructure Programs.

The Five-Year Capital Plan is based on the Capital programs set out by the Ministry, in two groupings Major Capital Programs (4) & Minor Capital Programs (5).

### **Major Capital Programs:**

#### Seismic Mitigation Program (SMP)

No seismic mitigation work is planned for the 2025/2026 Capital year.

#### School Expansion Program (EXP)

The latest enrolment projections forecast for Delta indicate that student enrolment will continue its slow recovery from many years of decline and that there is system wide classroom capacity to accommodate the expected number of students for the foreseeable future.

We are, however, seeing a rapid increase in school-aged children in certain areas. With that in mind we are resubmitting a request for a 6 Classroom Addition at Ladner Elementary for \$9,749,688 to allow for the projected increase of elementary school aged children within the catchment in the next 3 to 7 years.

#### School Replacement Program (REP)

There are no schools in the district inventory, which have reached or are forecast to reach the end of their useful life.

We have 1 modular connected pod at Hawthorne Elementary that will be reaching the end of its life cycle within the next 5 where major structural or accumulated maintenance needs will exceed the cost of replacement, we are resubmitting a proposal for the replacement of the modular pod at Hawthorne Elementary for \$8,733,830 within the 5-year Capital Plan timeframe.

The estimated budget of \$5.5 million will be funded from a \$16 million infrastructure grant received by the City of Delta.
